

Back on Earth, Part 1

(A part: A-G-A; B part: F; C part: C-E7-F-G)

YVONNE

Now I'm back on earth
And a eulogy is
Being read for me.
Now I'm back on earth
And my sister cries for
Everyone but me.

Give it your best.
Give it your best.

Now I'm back at home
And my ex-husband's off and drunk again.
Now I'm back at home
And my boyfriend is
Picking up on my best friend.

Give her your best.
Give her your best.

I feel like I'm still there
An absentee with a ghostly stare
And they have not a care
It's just not fair that I'm not there

JOSEPH

Now I'm back on earth
My wife's on the steps waiting for me.
She comes there every day
Waiting for word from the embassy

Give it your best
Baby Give it your best

Now I'm back at work
And Tommy and the boys are having a drink.
Now I'm back at work
And they call me a coward and laugh at me...

Give it your best
Give it a rest

JOSEPH

I know that I should not care
They would not dare if I was there
I miss my wife, it's just not fair
An absentee with a ghostly stare

ILENE

It's late at night on earth
And my place is sealed with police tape
It's late at night on earth
And everyone is dead from my old place.

I gave it my best

YVONNE

I gave it my best

JOSEPH

I gave it my best

ALL

I feel like I'm still there
Absentees with a ghostly stare
Where in hell are we now
Not up there, we know not where

Back On Earth, pt. 2

ILENE

Now I'm back on earth
They've rented out our place to a breeder pair.
Now I'm back on earth
They opened the windows to let in fresh air.

I go up the stairs
My stuff is still there

Back on my old bed
And the breeders laid down for the nasty
thing.
Back on my old bed
And the sick bitch is going down on him

Give him your best
Suck him your best

Back On Earth, pt. 3

YVONNE

Now I'm back on earth
And my best friend is dancing on my grave
Now I'm back on earth
My best friend putting on the dress I gave

Give it your best
Give it your best

Now I'm back on earth
And Olivia's winded like a big fat cow
Now I'm back on earth
And Peter's kissing her all over now

Give her your best

Give her your best

The boy would call me his muse
He loved me after all my abuse
My best friend is sinking her claws
Stealing boyfriends is one of her flaws

ILENE

There is no back on earth
There is nothing there left for you

YVONNE

I can see them back on earth
And the traitors are making ready to
screw

Give her your best
Give her your best

There was a time not long ago
When she'd skulk behind, inside my
shadow
Why can't he see that she's a shrew
But there's nothing at all that I can do

Back On Earth, pt. 4

JOSEPH

Now I'm back on earth
Tommy's holding court and they're having
a drink
It's winter back on earth
It's been six months but it feels like a
blink.

Can't you give it a rest x2

I'm looking down on earth
That bastard wasn't there but he's stating
his case.

I'm looking down on earth
I can't be blamed, can't look death in the
face

But I gave it my best
I gave it my best.

I got my fame in the end
I'm known as a coward that left my
comrades
As years go by I'll be known
As Joe the coward and not more
